- I have twin girls and could not afford the traditional SAT/ACT program in my area which costs in excess of \$3,000, for two children. Thanks so much for your financial support. These donations help families more than you know. Your financial support is much appreciated! **Cynthia Walters, Chantilly, VA**

- Thank you so very much for the opportunity to use this program with both of our boys. It would have been unaffordable without your sponsorship. My eldest raised his ACT by 5 points after using this product. I've just renewed for another year for my youngest to use. **Kristin Sablan, Enterprise, AL**
- Thank you soo much for this program. I'm a retired Air Force officer and have used this program to help my two sons prepare for their college testing. They went on to graduate from M.I.T. and Harvard and one of them starts medical school this fall. I bought this program to help my daughter pursue her academic goals and I know that she will have similar success. I thank you all for helping to make a real difference in the lives of myself and my family. God Bless. **Roosevelt Boyland, Valrico, FL**

- Thank you for continuing to support those serving in the military. I am currently serving away from my family, and so am unable to be there to help my son prepare for the SAT/ACT. Being able to provide this program for him to start preparing is a huge help. We also used the program in 2015. ***William Geddes, Minneapolis, MN***
